

## Nortech Staff News

### LEGIC's ID Network Conference 2016

Stephen Blackler, M.D & Amer Hafiz, Nortech's Technical Director attended LEGIC's ID Network Conference 2016 in Davos, Switzerland.

As a proud Legic partner, they gathered at this year's conference in Switzerland to discuss new reader applications for physical security along with how to integrate and develop products in conjunction with new LEGIC products

## Nortech Product Update

### NanoQuest integrates with third-party systems

Nortech's **NanoQuest** is now enabled to be used with third party equipment for capacity monitoring, fee calculation, usage monitoring or for providing additional security

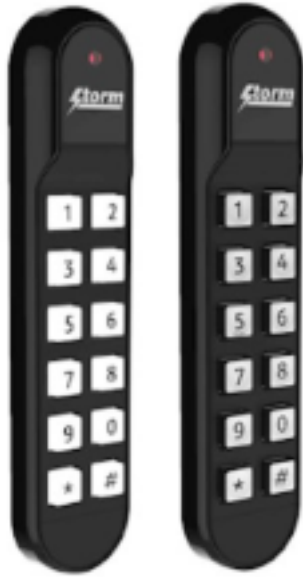

Click [HERE](#) to find out how it could help your business autonomously control access to secure areas or restrict the use of equipment or machinery to approved operators.
